

THANKSGIVING

Cut and Paste Math, 3 Levels

44
PAGES

BRIGHT PATH SPED

PreK-2 · Special Education

Six sections, 44 pages, ten skills. Every skill appears at three levels, so print the section your room is on and hand out all three.

01**Counting Sets**

Counting to 10 and to 20 with ten-frames, touch dots and scattered sets

6 pages**02****Number Identification**

Numerals to 20 matched to picture sets and to number words

3 pages**03****Adding and Taking Away**

Addition with pictures, subtraction by crossing out

6 pages**04****More and Less**Comparing sets, then comparing numerals with $<$ $>$ $=$ **3 pages****05****Patterns and Sorting**

AB, AAB, ABC and ABCD patterns; three sorting pages

6 pages**06****Shapes and Graphing**

2D shapes including turned ones, and picture graphs

6 pages**Also included**

- One-page teacher guide to the three levels
- Full answer key, three pages
- Scissors rule line on every worksheet
- Six color section dividers for your binder
- Every page has a name and date line
- Prints clean in grayscale — no separate B&W file

How a short November runs

Pick one skill on Monday and print all three levels of it. Everyone gets the same harvest pictures and the same direction line, so you teach it once to the whole group and then walk the room. Thirty worksheets covers the whole run of November even with the break in it, and the answer key at the back means a para or a sub can check the work without finding you first.

NAME

ANSWER KEY – ADDING, TAKING AWAY, COMPARING

Level 3 addition and subtraction use every answer piece exactly once, so a student who is stuck on the last problem can reason it out from what is left on the strip.

Addition With Pictures

Level 1 $2 + 3 = 5$ $3 + 5 = 8$

Level 2 $6 + 3 = 9$ $4 + 4 = 8$ $2 + 8 = 10$ $5 + 1 = 6$ (leftover piece: 7)

Level 3 $7 + 7 = 14$ $9 + 8 = 17$ $6 + 5 = 11$ $10 + 9 = 19$ $8 + 4 = 12$ $12 + 4 = 16$

Subtraction With Cross-Out

Level 1 7 apples, 3 crossed = 4 4 pie slices, 1 crossed = 3

Level 2 $10 - 4 = 6$ $8 - 5 = 3$ $9 - 1 = 8$ $7 - 2 = 5$ (leftover piece: 9)

Level 3 $18 - 5 = 13$ $14 - 6 = 8$ $20 - 4 = 16$ $16 - 9 = 7$ $12 - 2 = 10$ $19 - 8 = 11$

More & Less

Level 1 MORE goes under: the 7 apples, the 8 acorns, the 5 pie slices

Level 2 6 corn MORE / 5 corn LESS · 6 rolls MORE / 4 rolls LESS · 8 cranberries MORE / 7 cranberries LESS
· 4 carrots MORE / 3 carrots LESS

Level 3 $13 > 8$ $10 < 16$ $19 = 19$ $12 < 20$ $17 > 11$ $14 < 18$

A note on the spare pieces

Every Level 2 strip has one piece that does not belong anywhere. Students who have only ever done one-to-one matching will try to force it in somewhere, and that is worth seeing. If a student is genuinely distressed by the leftover, hand them the strip with the spare already removed, note that you did, and try again with the spare in two weeks.
