# Thanksgiving Door Decor: Start Here

## What's inside

- **A big turkey body** on 4 letter pages (pages 4-7) that tape into one 15.8 x 20.8 inch turkey, plus a one-page turkey to color (8)
- **24 feather strips** at four levels (9-12), 2.5 x 4.4 inches each
- **18 banner flags** (13-14): WE ARE THANKFUL! is 14 flags, plus 4 blank
- **32 leaves** (15-16) and **8 name tags** (17), a word bank (18)
- A mock-up with every size (3), a class roll-up (19), a family letter (20), credits (21)

## Print, color, cut, glue

- **Print** every page at full size (100 percent) on letter paper. Body pages (4-7) print best on white; feathers, flags and leaves on plain paper or light card stock.
- **Color** the body pages with crayons or paint. The feathers, flags and the leaves on page 15 are already in fall colors; the leaves on page 16 are white for the children to color.
- **Trim and tape the body.** Trim the white edge off the sides that touch the next page (a dashed line shows where), then tape the four pages together on the back: 4 and 5 across the top, 6 and 7 across the bottom.
- **Cut** the feather, flag, leaf and name-tag pages on the dashed lines. Pieces touch edge to edge, so every cut is one straight line across the page.
- **Glue or staple** the body to the door first, then the feathers behind it, the banner across the top, and the leaves anywhere that looks bare.

## Four feather levels, marked with shapes

- ● **Draw it** (page 9): the sentence is printed; the child draws a picture.
- ■ **Draw it and label it** (page 10): a picture plus one word on the line. **Write it** (page 11): a word or short phrase on two lines.
- ▲ **Write more** (page 12): "I am thankful for ___ because ___." Use the word bank on page 18 to get started.

Levels are marked with a shape, not a number, so children are not comparing feathers. Each child's name goes on the "by" line at the foot of the feather.

## Prep

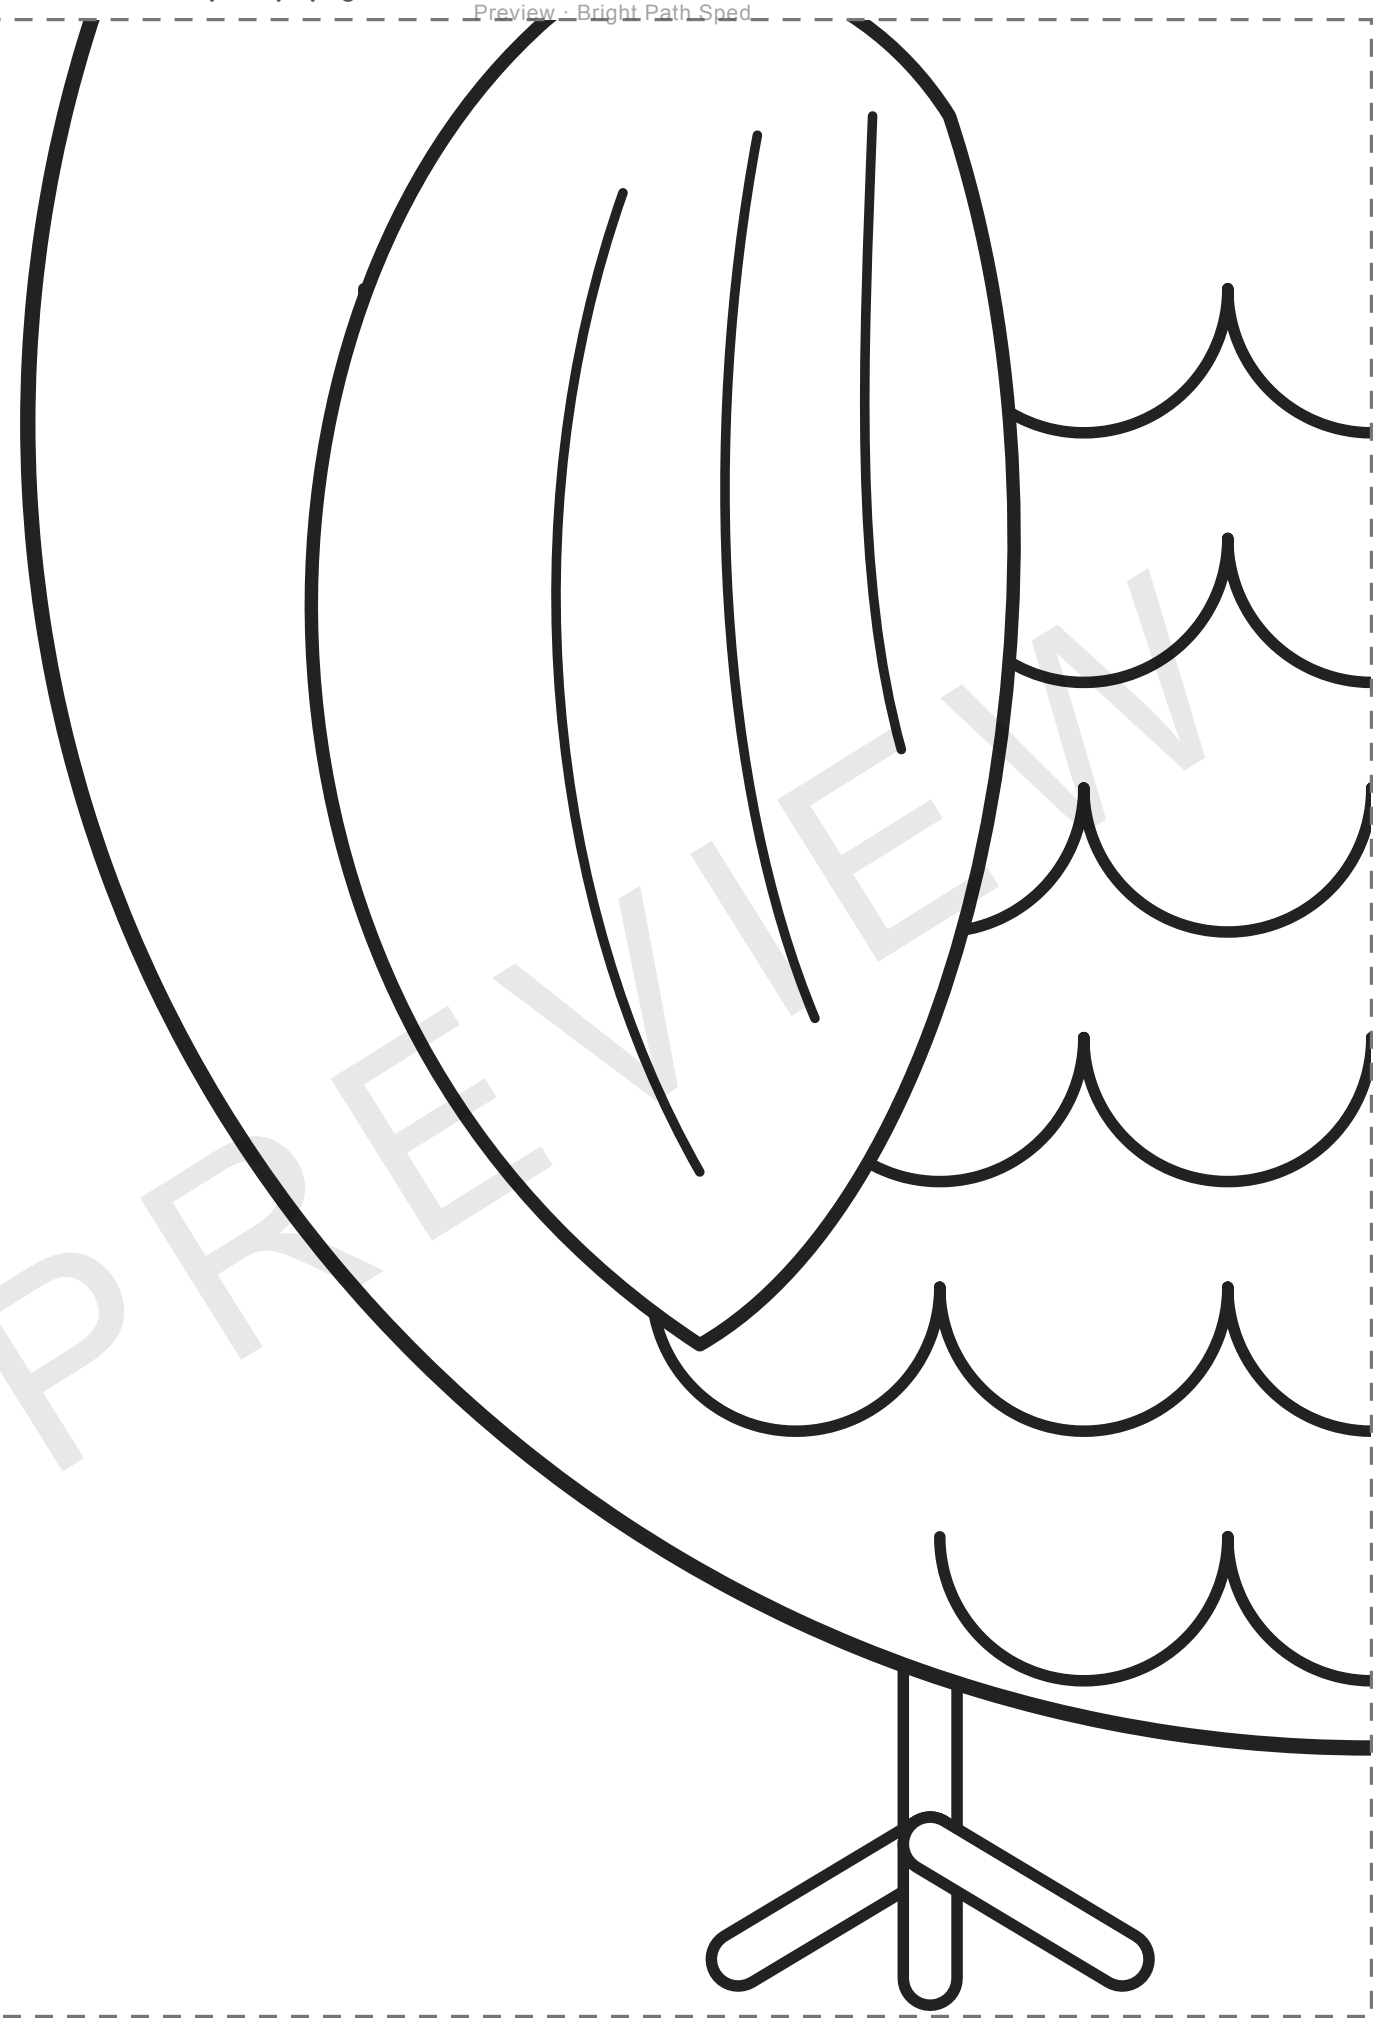

Scissors, glue sticks, crayons, tape, and a roll of butcher paper or bulletin board paper to back the display if you like. The kit has 24 feathers; a class of fewer children simply uses fewer, and a larger class can print a feather page twice.
