

Thanksgiving Following Directions

STEP 1 · STEP 2 · STEP 3

• 34 pages · 7 page types · 27 direction sets

THREE STEPS

1 Look at the Helper together

Page 5 shows one example finished, start to finish, so a child sees what following the steps in order produces before the first blank page.

2 Pick a page type and a step count

Seven page types, 2 steps up to 4 steps. Read each direction aloud for a child who is not yet reading independently, or let the child read it — the printed steps work either way.

3 Check it, record it, send it home

The answer keys are pages 24 and 25. Date each item on the tracker (page 26), roll the group up on page 27, and send the home page (29). A filled example is on page 30.

What makes a direction set fair to grade

Every action is a named shape, an exact count, a named color, an X, a given word or number, or a stated position — never a comparison of what a child just free-drew. Page 4 says more about how to read a page.
