THANKSGIVING MATH CRAFT

Thanksgiving Math Craft Week — Start Here

Do one activity a day. Pull the page and go.

This week

- [ ] Start each day at circle time with the pictures and words on the vocabulary cards. Children love the repeat, and each day they join in more.
- [ ] Then do that day's activity. Every student page has one short direction and a picture, so a paraprofessional can run it too.
- [ ] Teach the core word **see** all week: point to it on the talker or core board every time it comes up during the day.
- [ ] Cutting pages are built for small hands: five or more big pieces, lined up so every cut is one straight line. Pre-cut them for students who are not cutting yet.
- [ ] Sorting, counting, letters and writing come in three levels, marked with a small shape so children do not compare: ● starting (errorless matching), ▪ building, ▲ ready for more.
- [ ] Print the color pages, or use the ink-saver pages at the back on a photocopier.
- [ ] **Day 5 craft:** Solve the fact on each feather. Color the turkey and the seven feathers. Cut out every piece. Glue each feather on the turkey spot that shows its answer. Stand the turkey on a shelf or glue it to a sheet of paper. Read your facts out loud!

DAY	EACH DAY	ALSO PRACTICING
Day 1	Sort: harvest or summer? (3 levels)	cutting straight lines, gluing, sorting
Day 2	Count the corn and glue or write the number (3 levels)	counting 1–5, 6–10
Day 3	Letter C: find it, match it, or hear it (3 levels); trace or write	letter C, beginning sound, pencil grip
Day 4	Make a paper turkey: put the steps in order.	following steps, first/next/then/last
Day 5	Craft: solve the facts and build a turkey.	addition facts, coloring, cutting straight lines, gluing
