Profit and Loss

Do the stand math. Write the money in and the profit.

This lemonade stand is invented. The numbers are made up for math practice. Money in = cups sold x price. Profit = money in - money out. Less than zero is a loss. 100 cents = 1 dollar.

Day	Cups sold	Price (cents)	Money in (cents)	Money out (cents)	Profit or loss (cents)
Monday	12	25		400	
Tuesday	20	25		150	
Wednesday	15	30		150	
Thursday	25	30		200	
Friday	30	30		200	
Saturday	10	30		100	
Total					

Which day had the most profit? How do you know?

Which day was a loss? Why do you think that happened?

Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher, one group of students.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a line or a box, type, and Save As.
- The name line, every ruled box and every table cell are type-in fields. You can also print any page and write by hand.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Print at 100 percent

Turn off fit to page and shrink to fit so the ruled lines stay 0.34 inch apart. Every student page is black and white inside a colored border, so it prints well on any printer.

How to Run the Novel Study

One plan for the whole book in 4 sections, a question page for each, and pages for the characters, the money and the fight. Chapter numbers differ by edition, so check the split below against your copy.

A plan for the whole book

Read	Part	Page	Talk about it
Chapters 1-5	Two Siblings	6	What do you think a lemonade war is?
Chapters 6-10	The Contest	7	What makes people want to win so badly?
Chapters 11-15	Things Get Heated	8	When does a contest stop being fun?
Chapters 16 to the end	Making It Right	9	What would you say to make things right?

The routine

- **Read a section** aloud, in small groups, or on their own. The questions are written for about five chapters at a time.
- **Students answer** that section's question page (pages 6 to 9). Each page has recall, think, prove-it and your-view questions.
- **Keep the character and money pages going** alongside: the character map (page 11), how they feel (page 13) and profit and loss (page 16).
- **Talk about the fight** with the sibling-conflict page (page 14), the cut-and-sort (page 15) and the guide (page 30).
- **Teach the vocabulary** with the three word pages (pages 20 to 22) and the match (page 23).
- **Finish** with the final review (page 26) and the essay (pages 27 to 29).

Ways to use it

- Whole class: read together, answer on paper, then talk.
- Literature circles: one group per character or per page.
- Independent or sub plans: a question page and a stand-math page need no prep.
- More support: use the starters and talk it through with a partner first.

Spoilers and your answer key

The answer key (pages 31 to 34) gives away the ending. Keep it away from students until the book is finished. Most questions ask for an opinion or a detail from the student's own copy, so the key says Varies and tells you what to look for.

Answer Key

Spoiler warning: this key gives away the ending. Where a question asks for an opinion or a detail from the student's copy, it says Varies and tells you what to look for. Chapter groups are a suggested split; check them against your edition.

Chapters 1-5: Two Siblings (page 6)

1. **Recall: The two main characters.** Evan and Jessie Treski, a brother and sister.
2. **Recall: What each is good at.** Varies. Look for Jessie with numbers and schoolwork and Evan with people and friends. Accept any strength the student can point to.
3. **Think: A grade change.** Jessie moves up a grade and joins Evan's class. Varies for the feeling: look for a feeling (upset, embarrassed, left out) with a reason.
4. **Think: Kind or unkind.** Varies. Look for an action, the chapter, and a trait it shows.
5. **Prove it: A phrase about a feeling.** Varies. The phrase is short and copied exactly, and the explanation connects it to a feeling.
6. **Your view: Rivals and friends.** Varies. Look for an opinion with a reason.

Chapters 6-10: The Contest (page 7)

1. **Recall: The contest.** Varies. Look for an accurate retelling: each child runs a lemonade stand to see who can earn more money.
2. **Recall: Getting customers.** Varies. Accept any accurate action, such as a sign, a price, a place, or a helper.
3. **Think: Wanting to win.** Varies. Look for reasons tied to feelings: pride, a hurt, or proving something.
4. **Think: Different plans.** Varies. Look for a contrast with a detail for each stand.
5. **Prove it: A plan that works.** Varies. A detail from the chapters, named by chapter.
6. **Your view: Your first plan.** Varies. A plan with a reason.

Chapters 11-15: Things Get Heated (page 8)

1. **Recall: Going too far.** Varies. Accept any accurate action from these chapters.
2. **Recall: Others pulled in.** Varies. Accept any accurate character and action.
3. **Think: How the fight changes things.** Varies. Look for a before and an after with an example.
4. **Think: Feeling sorry for someone.** Varies. Look for a character and a reason from the text.
5. **Prove it: A feeling that changed.** Varies. Two details, named by chapter.
6. **Your view: Is winning worth it.** Varies. Opinion with a reason.

How to read this key

- A plain answer is the fact asked for. Accept any accurate retelling.
- Varies means the answer is an opinion or comes from the student's copy. Look for a detail, a chapter, and a reason.
- Prove-it questions need a short phrase copied exactly.

Answer Key

Stand math on invented numbers, and the cut-and-sort.

Profit and Loss (page 16)

Day	Money in (cents)	Profit or loss (cents)
Monday	300	-100 (a loss)
Tuesday	500	350
Wednesday	450	300
Thursday	750	550
Friday	900	700
Saturday	300	200
Total	**3200**	**2000**

Total cups: 112. Total money out: 1200. 3200 - 1200 = 2000, the same as adding the daily profits. Most profit: Friday. A loss: Monday, because the first day had the biggest costs.

Stand Math Problems (page 17)

1. 14 x 25 = 350. **Answer: 350 cents.**
2. 350 - 200 = 150. **Answer: 150 cents.**
3. A: 20 x 20 = 400. B: 10 x 50 = 500. B is more.. **Answer: Stand B.**
4. 520 - 480 = 40. It spent more than it took in.. **Answer: A loss of 40 cents.**
5. 250 + 250 + 250 + 250 = 1000. **Answer: 4 days.**
6. Tuesday: 12 x 2 = 24. Both days: 12 + 24 = 36. **Answer: 36 cups.**

Fix the Fight (page 15)

Helps a fight end: Listen to the whole story first, Say sorry and mean it, Take turns talking, Ask what would be fair, Say how you feel, calmly.

Makes a fight worse: Call the other person names, Keep score of every point, Spread a rumor about them, Hide their things to get back at them, Say I told you so.

Student _____ Prompt (A, B or C) _____ Date _____

Criterion	Strong	Getting there	Not yet	My notes
Opinion	A clear opinion that answers the prompt	An opinion, but it is vague or partly off the prompt	No clear opinion	
Evidence	Three or more details from the book, named by chapter	One or two details, or details with no chapter	No details from the book	
Explaining	Each detail is explained and tied back to the opinion	Some explaining; some details stand alone	Details are listed but not explained	
Organization	Opening, three reasons, closing; clear order	Most parts are there; order is hard to follow	Parts are missing or mixed up	
Language	Vocabulary words used correctly; few spelling errors	A vocabulary word or two; some errors	No vocabulary words; errors get in the way
