Find it. Circle it. Write it.

One kit for Veterans Day word practice that a child does with a pencil: find the word, circle it, write it. Every student page has a “My name” line at the top.

THREE STEPS

1 Look at one grid together

Page 6 is the one page that shows how: a small grid with flag across and hat down, both circled. Run a finger across a row, then down a column, then circle the word in pencil.

2 Pick a puzzle and a level

The eight word searches start with two 4 x 4 grids and end with an 8 x 8 grid; the chart below says which to hand out when. The dots in the corner of a child's page (one, two or three) say how much there is to do; color never changes with the level, only the dots.

3 Check it, record it, send it home

Answer keys are pages 21, 22 and 23. Date each page on the tracker (page 24), roll a group up on page 25 and send the home page (27). A filled example is on page 28.

Everything inside (32 pages)

- **15 student pages** in 5 formats: 8 Word Search, 2 Find and Circle, 1 Missing Letter, 2 Find, Cut and Glue, 1 Make Your Own, plus a How to Find a Word page
- **37 Veterans Day words** hidden in 8 puzzles, each in one puzzle only, grids from 4 x 4 to 8 x 8
- **3 answer keys** made from the same data as the pages, **1 tracker** (14 rows), **1 class grid**
- **1 team note, 1 home page, 1 filled example, 1 phrase bank**
- **1 binder cover, 6 divider tabs** and a spine label, cut along the dashed lines

Scissors, in one place

Of the student pages, only the 2 Find, Cut and Glue pages (pages 18, 19) are cut. Each has 6 pieces edge to edge in two rows of three, so it is three straight cuts (one across, two down). Every other student page is pencil work. The words on the pieces get longer page by page: 3-letter words on page 18, 4-letter words on page 19.

How to fill this in

Date the page the day it is done. Write how many the child got right without help, out of the number in the What column. A blank means not tried yet, never wrong. Answer keys: pages 21–23. Filled example: page 28.

THIS MONTH WE ARE WORKING ON

Mateo R. is invented; nothing on this page describes a real student. The blank tracker is on page 24.

How to read it

Mateo R. has finished **6 of 8** word searches and found **22 of 24** words on his own, one page of Find and Circle (5 of 6), one of Missing Letter (6 of 8) and **1 of 2** Find, Cut and Glue pages (6 of 6 pieces on the right row the first time). Every number comes from the table above.

The family note this tracker would produce

“This month Mateo found 22 of 24 words in 6 word searches on his own and glued 6 of 6 pieces on the right row the first time. He needed a reminder to look down on 2 of the 4 puzzles that hide words down.” — every fact in it is a row of the table above.

THANK YOU FOR USING THIS RESOURCE

Everything here was built for the teacher who has a table of children who each need a different amount of support finding and writing words for Veterans Day. If this helped, leaving feedback on TPT helps other teachers find it.
