Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom or one counseling group: one teacher or helper and the students they work with.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a line, a box or a table cell, type, and Save As.
- It is a fillable PDF, not a slide deck. Every name, date and goal line is already a type-in field. The drawing boxes are for markers or pencil.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Print at 100 percent

Turn off fit to page and shrink to fit. Every line and box is dark, so the pages photocopy in black and white and still read.

The board belongs to the student

Share a board only if the student agrees. The snapshot and the helper sheet are for the adults on the team. Keep them out of sight of the class, and follow your school's own privacy rules.

Need help?

If a field will not behave or a page will not print the way you expect, use Ask a Question on the product page before leaving a review. Every question is read, and a fix to the file ships as a free update: re-download it any time from My Purchases.

How to Use the Vision Board

Five steps, a few print tips, and three starters for the goal page.

Five steps

1. Open the PDF in a reader. Click a box or a line and type. Tab moves you to the next field.
2. Print the board the student likes best, on letter paper: the full board (page 5), the picture board (page 6) or the quick board (page 7).
3. Read the instruction at the top of each page out loud. The student draws and writes.
4. Write the 4 check-in dates on page 8, then the same dates on page 9.
5. At each check-in the student marks one status and one next step. Count them on page 10.

Print tips

- Black and white printer? Every line and box is dark, so the pages still read after a photocopy.
- Colored markers fill the drawing boxes well. The picture board needs the whole page, so print it alone.
- Save As before you type, so the blank copy stays clean for next year.

The board and the adult pages

- The board is the student's own. Share it only if the student agrees.
- The snapshot (page 10) and the helper sheet (page 14) are for the adults. Keep them private.
