

Vowel Team Worksheets

CIRCLE · WRITE · READ

35 pages · 36 pictures

One complete kit for spelling and reading six vowel teams with pictures: circle it, write it, and read it, with the record-keeping around it. Nothing on a child page is cut or glued.

THREE STEPS

- 1 **Pick a set and a way to answer**
Six vowel teams, one set each (ai, ee, ea, oa, ow, oo). Every set has a Circle It page (pick from three) and a Write It page (write the two letters). The contents on page 5 gives every page number.
- 2 **Say the picture first**
The child says the picture before a pencil moves. The child page has a name line, one short direction and big pictures; page 4 shows all three page types side by side.
- 3 **Check it, record it, send it home**
The answer key is pages 25–26. Record on the tracker (page 27), roll the group up on page 28, and send home page 30. A filled example is on page 31.

WHICH PAGE, WHEN

WHEN...	USE...
Needs to see the team in a word	Circle It, pages 7, 9, 11, 13, 15, 17
Ready to write the team	Write It, pages 8, 10, 12, 14, 16, 18
Mixing the teams up	Mixed Circle It, pages 19, 20 · Mixed Write It, pages 21, 22
Reading the words	Mixed Read It, pages 23, 24
A note home or a progress note	Home page 30 · phrase bank 32

Everything inside (35 pages)

- **18 student pages** — 6 sets x (Circle It + Write It), plus 6 Mixed pages (Circle It, Write It, Read It, two of each)
- **36 pictured words**, six per team; every picture checked and looked at, seven drawn for this pack
- **2 answer-key pages, 1 tracker, 1 class roll-up grid**
- **1 team note, 1 home page, 1 filled example, 1 phrase bank**
- **1 binder cover and 1 page of cut-apart divider tabs**

Not the cut-and-paste sort

This is a worksheet pack: the child circles or writes with a pencil. It covers oa and ow, and it adds a Read It page. If you want the hands-on cut-and-paste sort for ai, ee, oo and ea, that is a separate pack (page 35).

THE THREE PAGE TYPES, WITH ONE WORD (TRAIN)

Circle It

the page

The child says the picture and circles the two letters that fit. One chip is right; two are look-alikes.

Write It

The same word with two big boxes, one letter each. A set page names the team in the direction; a Mixed page has a team bank.

The other way round: the word is printed, the child reads it and circles the picture. Mixed pages only.

THE PARTS OF A PAGE

The picture

One object a child can name. A word is used only if its picture names it one way; 29 of the 36 are Noto pictures, 7 are drawn for this pack.

The answer boxes

Each Write It box is about 0.7 in tall, one letter per box, so a beginning writer has room.

The dots by the name line

One dot: a guided set page. Two: more independent. Three: Mixed Write It, no team given. The dot count is the only mark; no page says "Level."

SET 1

The small Set tag

Set 1 to 6 (page 5 shows which team is which) so you can file a page. It never names the team, so a Circle It page does not give the answer away.

Printing and the type-in fields

Every child page prints clean in black and white and is pencil work. In any PDF reader, click a name line, a tracker cell or a home-page box to type into it, then save. This is a PDF, not a slideshow or a word-processor file.

Six sets, two pages each, then six Mixed pages with no team given. The page number prints in the footer of every page.

SET	TEAM	THE SIX WORDS	CIRCLE IT	WRITE IT
Set 1	ai	train, snail, brain, chain, mailbox, nail	7	8
Set 2	ee	bee, tree, sheep, cheese, wheel, feet	9	10

Set 4	oa	boat, coat, goat, soap, toast, road	13	14
Set 5	ow	rainbow, window, snowman, snowflake, pillow, arrow	15	16
Set 6	oo	moon, spoon, broom, boot, balloon, mushroom	17	18

MIXED REVIEW: EVERY WORD ONCE, NO HINT

MIXED REVIEW	PAGES	PAGE NUMBERS
Mixed Circle It	A · B	19 · 20
Mixed Write It	A · B	21 · 22
Mixed Read It	A · B	23 · 24

One way to run a set

Day 1: the set's Circle It page. Day 2: its Write It page. Later: the Mixed pages, which hold one word from every team. Read It (pages 23, 24) needs no writing and works well as a first look or a warm-up. Change it freely.

Every word appears on a Mixed page once

Each team's six words are split across the six Mixed pages, one per page, so no Mixed page repeats a word from another Mixed page. Page 26 lists which is which.

Which sound each team spells

Every word uses the long sound: ow as in snow (not cow), oo as in moon (not book), ea as in leaf (not bread). Your district's or program's scope and sequence decides the order you teach the teams.

How to fill this in

Write the date, then how many the child got right with no prompt. Circle It and Write It are out of 6 per set. A blank always means “not tried yet,” never “got it wrong.” Answer key: pages 25–26. Filled example: page 31.

Three steps at home

- Pick one row below. Point to a picture and say the word slowly together.
- Find the two letters that make the vowel sound, the underlined ones. Trace them with a finger.
- Look for the same two letters in a book, a sign or a cereal box. One word is enough for one sitting.

MIXED REVIEW

MIXED REVIEW	DATE	CORRECT (OF 12)	NOTES
Mixed Circle It (A + B)	9/16	9	Slow on ea items
Mixed Write It (A + B)	–	–	–
Mixed Read It (A + B)	9/17	11	–

How to read it

Marcus T. has tried **5 of 6** sets. On Circle It he got **24 of 30** right; on Write It, for the 4 sets where it is done, **18 of 24**. Set(s) oo not started. The lowest Circle It score is on the **ow** set. Every number here comes from the tables.

The family note this tracker would produce

“This week Marcus T. circled the right letters on 24 of 30 items and wrote the team correctly on 18 of 24. The oa set needed one picture repeated.” — every fact in it is a row of the tables above.

What the ea row shows

Set 3 (ea), dated 9/10: Circle It **5 of 6**, Write It **4 of 6**. The note says he mixed up ee and ea on two words, which is why the next step is more ea practice before the Mixed pages. A blank cell always means “not tried yet,” never “got it wrong,” and a note explains a slower set instead of leaving it unexplained.

THANK YOU FOR USING THIS RESOURCE

Everything here was built for the teacher who has thirty minutes of planning time and a table of students who each need a different amount of support to spell one vowel team. If it saved you an hour, it worked. If something is missing or wrong, please use the **Ask a Question** tab first — I will fix it and send you the update free.
