

WINTER

Cut and Paste Math, 3 Levels

44
PAGES

BRIGHT PATH SPED

PreK-2 · Special Education

Six sections, 44 pages, ten skills. Every skill appears at three levels, so print the section your room is on and hand out all three.

01**Counting Sets**

Counting to 10 and to 20 with ten-frames, touch dots and scattered sets

6 pages**02****Number Identification**

Numerals to 20 matched to picture sets and to number words

3 pages**03****Adding and Taking Away**

Addition with pictures, subtraction by crossing out

6 pages**04****More and Less**Comparing sets, then comparing numerals with $<$ $>$ $=$ **3 pages****05****Patterns and Sorting**

AB, AAB, ABC and ABCD patterns; three sorting pages

6 pages**06****Shapes and Graphing**

2D shapes including turned ones, and picture graphs

6 pages**Also included**

- One-page teacher guide to the three levels
- Full answer key, three pages
- Scissors rule line on every worksheet
- Six color section dividers for your binder
- Every page has a name and date line
- Prints clean in grayscale — no separate B&W file

How a week runs in January

Pick one skill on Monday and print all three levels of it. Everyone gets the same winter pictures and the same direction line, so you teach it once to the whole group and then walk the room. Thirty worksheets is roughly six weeks of one-skill-a-week — December through February — and the answer key at the back means a para or a sub can check the work without finding you first.

ANSWER KEY – ADDING, TAKING AWAY, COMPARING

Level 3 addition and subtraction use every answer piece exactly once, so a student who is stuck on the last problem can reason it out from what is left on the strip.

Addition With Pictures

Level 1 $3 + 4 = 7$ $1 + 5 = 6$

Level 2 $2 + 7 = 9$ $6 + 4 = 10$ $5 + 3 = 8$ $1 + 6 = 7$ (leftover piece: 6)

Level 3 $7 + 6 = 13$ $9 + 9 = 18$ $8 + 7 = 15$ $5 + 6 = 11$ $12 + 8 = 20$ $10 + 4 = 14$

Subtraction With Cross-Out

Level 1 7 mittens, 4 crossed = 3 6 cocoa, 1 crossed = 5

Level 2 $10 - 7 = 3$ $9 - 4 = 5$ $8 - 6 = 2$ $6 - 2 = 4$ (leftover piece: 6)

Level 3 $15 - 6 = 9$ $19 - 4 = 15$ $13 - 5 = 8$ $20 - 8 = 12$ $17 - 6 = 11$ $14 - 4 = 10$

More & Less

Level 1 MORE goes under: the 9 mittens, the 7 snowmen, the 10 penguins

Level 2 9 snowflakes MORE / 8 snowflakes LESS · 7 cocoa MORE / 5 cocoa LESS · 4 sleds MORE / 2 sleds LESS · 10 scarves MORE / 9 scarves LESS

Level 3 $11 < 17$ $20 > 13$ $15 = 15$ $9 < 18$ $14 > 6$ $16 > 12$

A note on the spare pieces

Every Level 2 strip has one piece that does not belong anywhere. Students who have only ever done one-to-one matching will try to force it in somewhere, and that is worth seeing. If a student is genuinely distressed by the leftover, hand them the strip with the spare already removed, note that you did, and try again with the spare in two weeks.
