☆ START HERE Start Here — Three Steps

> Type the words once, print, and let the child write each one three times.

1

Type the word list once

Open the file in Adobe Acrobat Reader (free) or Preview on a Mac — not a browser tab, which may fill fields and then not save them.

Pick a page: 10 words (page 5), 12 (page 6), 15 (page 7) or 20 over two pages (8 and 9). Type each word once in the yellow Word box. The list is yours.

2

Print and write

Print at 100 percent. Each word gets three long lines, all taller than half an inch, to write it three times.

Try the week page (10), rainbow (11), fold and test (12) or word cards to cut (14).

3

Check and keep track

Children check their own words on page 13 and color a circle on page 15.

Your class record is page 16. Send a note home on page 18.

WHAT THIS FILE IS

A fillable PDF. The fields are built into the document itself, so it works offline with no account or subscription and looks the same on every machine that opens it. Type a word once on a page; children can also write on a print.

WHAT THIS FILE IS NOT

It is not a Google Sheets file, a Google Doc, or an Excel workbook, and it does not copy your words from one page to the next or check spelling for you. Type the list on each page you print. You cannot drag the boxes around.

THE RULE EVERY PAGE FOLLOWS

Which words, how many a child should learn and what a test result means is your classroom's rule. These pages do not decide it. The words and your notes go on page 17.

IF SOMETHING DOES NOT WORK

The text disappears when I close it. It was opened in something that fills fields but does not save them. Open it in Acrobat Reader and use Save As.
My printer cuts off the border. Print at 100 percent, not "fit to page."
Anything else — the **Ask a Question** tab on the product page. Every question is read, and a fix to the file is a free update.

EXAMPLE

A List, Filled In

SAMPLE · INVENTED STUDENT

The child is invented, and so is every word. Every count can be re-added from its own table.

TEN-WORD PAGE (PAGE 5), ONE INVENTED CHILD, MIA

WORD	WRITE 1	WRITE 2	WRITE 3	CHECK	FIX IT
map	map	map	map	same	–
jump	jump	jump	jump	same	–
brush	brush	brush	brush	same	–
green	green	green	green	same	–
plant	plant	plant	plant	same	–
light	light	light	light	same	–
train	train	train	train	same	–
friend	friend	friend	freind	fix	friend
because	because	becuase	becuase	fix	because
would	would	would	would	same	–

10 words × 3 = **30** writes. 27 match the word and 3 do not (“freind” once, “becuase” twice): 27 + 3 = 30. Last try matched on 8 words and Mia fixed 2: 8 + 2 = 10. These ten words are invented practice words, not a list for any grade.

SPELLING STARS (PAGE 15), MIA, WEEK 1

Mia colored 8 circles for 8 right words. 10 – 8 = **2** circles stay empty, one for each word she fixed.
