Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher, one group of students.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into the name or date line, type, and Save As.
- The name and date on every student page, the writing log, the family note and every notes area are type-in fields. The picture boxes and ruled lines are for drawing and handwriting.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Print at 100 percent

Turn off fit to page and shrink to fit, so a line on the paper is the same size as on the line key (page 5). The plain pages are black and gray with a light border, so they photocopy.

Student work

A filled-in writing log carries a student's name. Keep it in the data folder, and use a first name only on any page that leaves your hands.

Need help?

If a field will not behave or a page will not print the way you expect, use Ask a Question on the product page before leaving a review. Every question is read, and a fix to the file ships as a free update: re-download it any time from My Purchases.
