

Y as a Vowel Worksheets

LONG I · LONG E

28 pages · 11 pictured words

One complete kit for the two sounds final Y makes: circle the sound, write the word, read it back, and sort a full review, with the record-keeping around it. Nothing on a child page is cut or glued except the organizer tabs at the back.

THREE STEPS

- 1 **Pick a sound and a way to answer**
Two sounds, one set each (long i, long e). Every set has a Circle It page (hear the sound, circle it) and a Write It page (write the word from the picture). The contents on page 5 gives every page number.
- 2 **Say the picture first**
The child says the picture before a pencil moves. The child page has a name line, one short direction and big pictures; page 4 shows all four page types side by side.
- 3 **Check it, record it, send it home**
The answer key is pages 18–19. Record on the tracker (page 20), roll the group up on page 21, and send home page 23. A filled example is on page 24.

WHICH PAGE, WHEN

WHEN...	USE...
Needs the word shown to find the sound	Circle It, pages 7, 9
Ready to write the word from a picture	Write It, pages 8, 10
Mixing the two sounds up	Mixed Circle It, pages 11, 12 · Mixed Write It, pages 13, 14
Reading the word, no picture given	Mixed Read It, pages 15, 16
A full review, both sounds at once	Sort It, page 17
A note home or a progress note	Home page 23 · phrase bank 25

Everything inside (28 pages)

- **11 student pages** — 2 sets x (Circle It + Write It), 6 Mixed pages (Circle It, Write It, Read It, two of each), and 1 Sort It review
- **11 pictured words** (5 long i, 6 long e); every picture checked and looked at, 2 drawn for this pack
- **2 answer-key pages, 1 tracker, 1 class roll-up grid**
- **1 team note, 1 home page, 1 filled example, 1 phrase bank**
- **1 binder cover and 1 page of cut-apart divider tabs**

Two sounds, not six teams

This pack is final-Y only: fly says long i, baby says long e. If you want the vowel-TEAM pack (ai, ee, ea, oa, ow, oo, six letter pairs), that is a separate pack (page 28).

The other way round: the word is printed, no picture. The child reads it and circles the matching picture. Mixed pages only.

THE PARTS OF A PAGE

The picture

One object a child can name. A word is used only if its picture names it one way; 9 of the 11 are Noto/Fluent pictures, 2 are drawn for this pack.

Sort It, page 17

A fourth format: a word bank of all 11 pictures, no text, and two columns, "Long I" and "Long E," for the child to write each word under. A plain recap, not a shrunk copy of the page, because the real page is a full sheet on its own.

The dots by the name line

One dot: a guided set page. Two: more independent. Three: Mixed Write It and Sort It, no sound given. The dot count is the only mark; no page says "Level."

SET 1

The small Set tag

Set 1 or 2 (page 5 shows which sound is which) so you can file a page. It never names the sound, so a Circle It page does not give the answer away.

Printing and the type-in fields

Every child page prints clean in black and white and is pencil work. In any PDF reader, click a name line, a tracker cell or a home-page box to type into it, then save. This is a PDF, not a slideshow or a word-processor file.

Two sounds, two pages each, then six Mixed pages and one Sort It review, none of them naming the sound. The page number prints in the footer of every page.

SET	SOUND	THE WORDS	CIRCLE IT	WRITE IT
Set 1	Long I	fly, butterfly, cry, firefly, spy	7	8
Set 2	Long E	baby, candy, strawberry, party, happy, bunny	9	10

MIXED REVIEW AND SORT IT: EVERY WORD ONCE, NO HINT

MIXED REVIEW	PAGES	PAGE NUMBERS
Mixed Circle It	A · B	11 · 12
Mixed Write It	A · B	13 · 14
Mixed Read It	A · B	15 · 16
Sort It	—	17

One way to run this pack

Day 1: Set 1 (long i) Circle It. Day 2: Set 1 Write It. Day 3–4: Set 2. Later: the Mixed pages, which split both sounds across two pages each. Sort It (page 17) works well as a final check.

Every word appears on a Mixed page once

Each sound's words are split as evenly as the count allows across the A and B page of every Mixed kind — three-and-three for Long E's 6, two-and-three for Long I's 5 — so no Mixed page repeats a word from its own A/B pair. Page 19 lists which is which.

Which sound final Y spells

One-syllable words (fly, cry) use the long i sound; most longer words (baby, candy) use the long e sound — that pattern is for your own instruction, never asserted on a page. Your district's or program's scope and sequence decides the order you teach the sounds.

How to fill this in

Write the date, then how many the child got right with no prompt. Circle It and Write It are out of the set's own count, shown in the Sound column (5 for Long I, 6 for Long E); every Mixed kind and Sort It are out of 11. A blank always means "not tried yet," never "got it wrong." Answer key: pages 18–19. Filled example: page 24.

Three steps at home

- Pick one row below. Point to a picture and say the word slowly together.
- Listen for the sound the y makes at the end — does it sound like i or e?
- Look for a word that ends the same way in a book, a sign or a cereal box. One word is enough for one sitting.

THE TWO SOUNDS

SET	SOUND	DATE	CIRCLE IT	WRITE IT	NOTES

MIXED REVIEW AND SORT IT

MIXED REVIEW / SORT IT	DATE	CORRECT (OF 11)	NOTES
Mixed Circle It (A + B)	9/11	10	Slower on the long-i items
Mixed Write It (A + B)	9/14	8	Spelled firefly as firefy without the e; see note
Mixed Read It (A + B)	–	–	–
Sort It	–	–	–

How to read it

Priya K. has tried **2 of 2** sounds. On Circle It she got **10 of 11** right; on Write It, for the 2 sound(s) where it is done, **9 of 11**. Sound(s) none not started. The lowest Circle It score is on the **Long I** sound. 2 of the 4 Mixed/Sort rows have been tried. Every number here comes from the tables.

The family note this tracker would produce

“This week Priya K. circled the right sound on 10 of 11 items and wrote the word correctly on 9 of 11. On the Mixed Circle It page: slower on the long-i items.” — every fact in it is a row of the tables above.

What the long-i row shows

Set 1 (long i), dated 9/8: Circle It **4 of 5**, Write It **3 of 5**. The note says she mixed up long i and long e on cry and spy, which is why the next step is more long-i Circle It practice before the Mixed pages. A blank cell always means “not tried yet,” never “got it wrong,” and a note explains a slower set instead of leaving it unexplained.

THANK YOU FOR USING THIS RESOURCE

Everything here was built for the teacher who has thirty minutes of planning time and a table of students who each need a different amount of support to hear one tricky letter doing two jobs. If it saved you an hour, it worked. If something is missing or wrong, please use the **Ask a Question** tab first — I will fix it and send you the update free.

WHAT'S NEXT FROM THIS STORE

Once a child can tell long i from long e at the end of a word, the next steps are the vowel-team patterns and a different vowel skill for the same shelf. These four go with this one.
